 Lecturer in Mathematics

Education is knowledge combined with wisdom and ethics. The aim of a Institution is to promote a system of integral education in a congenial, Students friendly environment that emphasizes the unity of all knowledge, synthesizes humanity and science and recognizes the fact that each student is unique. Education should enable the students to soar high – morally, socially and spiritually. I congratulate all the staff who has made significant contribution in bring out the Institution News Letter. May Lord Venkateswara shower his choicest blessings on everyone associated with this institution to move forward

**Smt. Sada Bhargavi I.A.S.**

Joint Executive Officer (H&Edn.,)  
Tirumala Tirupati Devasthanams

It gives me immense pleasure as Devasthanams Educational Officer (DEO) in TTD Educational Institutions to prepare the young engineers and managers to confidently and competently face the challenges of intensifying competition by imparting high quality technical and managerial education coupled with appropriate training and wide exposure to the state-of-art practices implementing in S.P.W. Polytechnic. Best wishes for the Principal, HoD's, Teaching & Non-teaching staff and Students.

**Dr. M. Bhaskar Reddy**

Devasthanams Educational Officer.

I am delighted to announce the introduction of a new program, the Diploma in Computer Engineering (DCME) with 60 studnets intake, for this academic year. This program has been made possible with the invaluable guidance and support of our esteemed J.E.O. (H &E), DEO & TTD Management.

Also my heartfelt Congratulations to Staff members and Students for their fruitful efforts for achieving ECET Ranks and good results for the A.Y. 2022-23. It is my pleasure to congratulate the editorial board on this pleasant occasion of releasing the newsletter. It is great to find the number of winners and participants in co-curricular and extracurricular activities which certainly prove that our faculty and students are adequately equipped and possess necessary quality skill-sets to bring such laurels to the institution. With Best Wishes.

**Dr. G. Asuntha, M.Pharm., Ph.D.,**

**To attain the status of an exceptional diploma level institute for women in the field of technical education.**

- M1 : To enforce Outcome Based Education (OBE).**
- M2 : To ensure meaningful learning employing Revised Blooms Taxonomy.**
- M3 : To comply with the desirable norms and standards of regulatory bodies.**
- M4 : To provide laboratory equipment for practical training as per curricula in vogue.**
- M5 : To utilize the Information Communication Technologies in teaching and assessment.**
- M6 : To encourage the students in using electronic learning resources.**
- M7 : To mandate internship training in industry / research institutions.**
- M8 : To organize campus placement drives**
- M9 : To inculcate soft skills and entrepreneurship skills.**

We are glade to announce that the TTD Management has introduced a new course, namely the Diploma in Computer Engineering (DCME), at SPW Polytechnic, Tirupati from the AY 2023-24. This highly anticipated program has received approvals from two prestigious bodies: the All India Council for Technical Education (AICTE), New Delhi, and the State Board of Technical Education and Training (SBTET), Government of Andhra Pradesh. The DCME course has been specifically designed to cater to the needs of female students, recognizing the importance of empowering women in the field of technology. By offering this course, we aim to bridge the gender gap and create more opportunities for girls in the technology sector. This initiative aligns with our commitment to promoting inclusivity and diversity in education.“ Moreover, the DCME program is crafted to equip students with comprehensive knowledge and practical skills in computer engineering. It will cover essential topics like programming languages, Hardware Design, Networking, and Software Development, ensuring that students are well-prepared to meet the demands of the ever-evolving technology industry.“ We firmly believe that the DCME course at SPW Polytechnic will be immensely beneficial and serve as a stepping stone for the bright future of our female students. It is an excellent choice for those aspiring to pursue a successful career in the world of computers and technology. With the full support of the faculty and State-of-the-art facilities, we are confident that the DCME program will open up new horizons of opportunities for the girls' students' careers.

### **Course wise student intake details is as follows**

<b>DCME</b>	<b>60</b>
<b>DECE</b>	<b>45</b>
<b>DPH</b>	<b>30</b>
<b>DCCP</b>	<b>40</b>

SPW Polytechnic is proud to announce that its students have achieved remarkable ranks in the Andhra Pradesh Engineering Common Entrance Test (AP ECET). The prestigious state-level entrance exam, conducted by Jawaharlal Nehru Technological University Kakinada (JNTUK), serves as a gateway for diploma holders and B.Sc. graduates to secure admissions into engineering and pharmacy courses in the state.

The results of the AP ECET were declared, and SPW Polytechnic students showcased their exceptional knowledge and skills by securing top ranks in DECE & DPH disciplines. The outstanding performance of these students is a testament to their hard work, dedication, and the quality education provided by SPW Polytechnic.

One of the top performers, **K. Kalyani, 20019-EC-015**, a final-year student from the Electronics and Communication Engineering program, expressed her joy, stating, "I am thrilled to have secured such a remarkable rank in the AP ECET (i.e. **2nd Rank**). It is a testament to the rigorous training and support I have received at SPW Polytechnic. This achievement opens up new opportunities for my future career and motivates me to strive for even greater success."

The success of SPW Polytechnic students in the AP ECET -2023 ranks not only brings pride to the institution but also enhances its prospects for admissions into top engineering and pharmacy colleges in Andhra Pradesh. The remarkable ranks achieved by these students will undoubtedly open doors to exciting educational and career opportunities.

With their remarkable ranks in the AP ECET, SPW Polytechnic students have once again proven their mettle and showcased their potential to excel in the field of engineering and pharmacy. This achievement will undoubtedly serve as a source of inspiration for future generations of students at SPW Polytechnic.

## PRAGATI SCHOLARSHIPS....

SPW Polytechnic is proud to announce that several of its students have been awarded the prestigious Pragati Scholarships by the All India Council for Technical Education (AICTE), New Delhi. These scholarships have been granted to the students based on their exceptional academic performance and merit.

The Pragati Scholarship program, initiated by AICTE, aims to empower and encourage female students to pursue technical education and excel in their chosen fields. The scholarships provide financial support to deserving students, alleviating the burden of educational expenses and enabling them to focus on their studies.

The students who have been awarded the Pragati Scholarships at SPW Polytechnic have demonstrated outstanding dedication, hard work, and a commitment to excellence in their academic pursuits. This recognition not only serves as a testament to their achievements but also motivates them to continue striving for success.

The scholarships will not only provide financial assistance to the recipients but also

serve as a source of inspiration and encouragement for other students at SPW Polytechnic. The recognition of their merit by AICTE will undoubtedly boost their confidence and drive them to achieve even greater heights in their academic and professional journeys.

SPW Polytechnic extends its heartfelt gratitude to AICTE for its continuous efforts in promoting technical education and supporting deserving students through scholarship programs like Pragati. The scholarships not only contribute to the personal growth and development of the students but also play a crucial role in building a skilled and empowered workforce for the nation.

SPW Polytechnic congratulates the recipients of the Pragati Scholarships and wishes them continued success in their academic and professional endeavors. The institution remains committed to supporting and nurturing the talents of its students, empowering them to become future leaders in the field of technical education.

Overall, the Pragati Scholarships awarded to SPW Polytechnic students by AICTE New Delhi on the basis of merit are a testament to the institution's commitment to academic excellence and the development of skilled professionals in the technical field.

# Awareness on International Day Against Drug Abuse & Illicit Trafficking : : 26-June-2023 : :

SPW Polytechnic, in collaboration with renowned drug abuse prevention advocate Dr. K.V. Gopinath, organized a special event to mark the International Day Against Drug Abuse and Illicit Trafficking. The event aimed to raise awareness about the dangers of drug abuse and the importance of preventing illicit drug trafficking.

Dr. K.V. Gopinath, a well-known expert in drug abuse prevention, delivered an insightful session to the students and faculty of SPW Polytechnic. He shared his knowledge and experiences, highlighting the devastating consequences of drug abuse on individuals, families, and society as a whole. Gopinath emphasized the need for early intervention, education, and community support in combating drug abuse.

The event also featured interactive activities to engage the students and promote awareness. They were encouraged to ask questions and seek guidance from Dr. K.V. Gopinath and other experts present at the event.

Additionally, a poster exhibition was organized, where students showcased their creativity by designing posters that conveyed powerful messages against drug abuse. The posters served as visual reminders of the harmful effects of drugs and the importance of making healthy choices.

Dr. G.Asuntha, the Principal of SPW Polytechnic, expressed her gratitude to K.V. Gopinath for his valuable contribution to the event. She emphasized the institution's commitment to creating a safe and drug-free environment for its students, stating, "We believe that education and awareness are key in preventing drug abuse. By working together with experts like Dr. K.V. Gopinath, we can make a significant impact in the lives of our students."

The International Day Against Drug Abuse and Illicit Trafficking event at SPW Polytechnic served as a platform for students to gain knowledge, share their concerns, and actively participate in the fight against drug abuse. The institution remains dedicated to organizing such awareness campaigns and providing support to its students in their journey towards a drug-free future.

SPW Polytechnic's DECE and DCCP faculty recently embarked on a visit to industrial training places for students. This initiative aimed to provide students with practical exposure to real-world industrial environments and enhance their understanding of the concepts learned in the classroom.

One of the prominent locations visited by the faculty was **Kaynes Technology**, located in Bangalore. Kaynes Technology is a renowned electronics manufacturing company known for its expertise in PCB assembly, electromechanical assembly, and system integration. The faculty and students had the opportunity to witness the state-of-the-art manufacturing processes and gain insights into the latest technologies used in the industry.

In addition to Kaynes Technology, the faculty also organized visits to industrial training places in Mysore and SHAR (Sriharikota). Mysore, known for its electronics manufacturing industry, provided students with a chance to explore various companies involved in the production and assembly of electronic devices. This visit allowed students to gain hands-on experience in troubleshooting and repairing electronic devices.

The visit to **SHAR**, located in Sriharikota, was particularly exciting for the students. SHAR is the satellite launch center of the Indian Space Research Organisation (ISRO). Students had the unique opportunity to witness the cutting-edge technology used in space research and satellite launches. They learned about the communication systems used in space missions and gained insights into the complexities involved in designing and launching satellites.

These faculty-led visits to Kaynes Technology, Mysore, and SHAR provided SPW Polytechnic students with invaluable industry exposure and practical knowledge. By witnessing the application of their theoretical knowledge in real-world settings, students are better equipped to excel in their future careers in the field of computer and communication engineering.

## ACTIVITIES...

SPW Polytechnic, a leading technical education institution, recently participated in the International Day of Yoga celebration conducted at SV University in Tirupati. The event brought together students, faculty, and staff from various educational institutions to promote the practice of yoga and its numerous benefits.

On 21st June, 2023, a group of students and faculty members from SPW Polytechnic traveled to SV University to take part in the grand celebration. The event commenced with an inaugural ceremony, where distinguished guests and dignitaries emphasized the importance of yoga in maintaining physical and mental well-being.

The participants were then led through a series of yoga asanas (postures) and pranayama (breathing exercises) by experienced yoga instructors. The session focused on promoting flexibility, strength, and relaxation, while also encouraging mindfulness and inner peace.

The International Day of Yoga celebration at SV University aimed to raise awareness about the significance of yoga as a holistic approach to health and well-being. It provided an opportunity for students and staff from different institutions to come together and engage in a shared activity that promotes physical fitness and mental wellness.

The International Day of Yoga, celebrated annually on June 21st, was declared by the United Nations General Assembly in 2014. It aims to

highlight the significance of yoga as a means of achieving physical, mental, and spiritual well-being and to promote its practice worldwide.

SPW Polytechnic's participation in the International Day of Yoga celebration at SV University reflects the institution's commitment to promoting a healthy and balanced lifestyle among its students and staff. By actively engaging in such events, SPW Polytechnic encourages its community to incorporate yoga into their daily routines and experience the benefits firsthand.

As the event concluded, the participants expressed their gratitude to SV University for organizing such a meaningful celebration and providing a platform for students and staff to come together. They also pledged to continue practicing yoga regularly and to spread awareness about its benefits among their peers and the wider community.

SPW Polytechnic's participation in the International Day of Yoga celebration at SV University showcases the institution's dedication to holistic education and the well-being of its students. By actively engaging in such events, SPW Polytechnic continues to inspire and empower its community to lead healthier and more fulfilling lives.

## Suddha Tirumala - Sundara Tirumala

It is the prime responsibility of every Srivari devotee to protect and preserve the scantity of Tirumala by keeping the environs clean and hygiene and make the pilgrim center of Tirumala plastic free.

Following the clarion call given by the TTD JEO, the college workforce irrespective of cadres vigorously participated in **Suddha Tirumala Sundara Tirumala** at many places like bus stand, pilgrim waiting sheds, surroundings of cottages etc., to transform the hill shrine into a green and garbage free environment providing a healthy and divine ambience to the visiting devotees.

## World Environment Day

*“Plastic pollution free world is not a choice but a commitment to life- a commitment to the next generation.”*

The 50<sup>th</sup> anniversary of World Environment Day is celebrated with the theme of **“Solutions to Plastic Pollution”**.

World Environment Day was organized in our college by the staff and students with great fanfare on 5 June 2023. The main purpose of the celebration was to spread awareness about the need to protect the environment and the ways to do it. The day flagged off by a tree plantation drive in and around the college to purify the air and make the earth green. There were also some groups of students who were also engaged in cleaning the college campus. In the end all the staff and students took an oath that no one will pollute the environment and will not allow anyone to do so.

### Teacher - Parents Meeting

To promote the welfare of students and the college, to create better understanding between parents and teachers and maintain harmonious relationship between the college and the external community, to work for the improvement of the college with the united efforts of parents, teachers and higher authorities and to help parents and students to adopt themselves to the changing concepts of society **STUDENTS-PARENTS MEETING** was conducted at the end of the semester to appraise the parents about their wards' academic performance and progress. Intimation for the same had sent one month in advance to attend the meeting without fail.

During the meeting, the parents interacted with the faculty. The Principal and students' Advisor also interacted with the students and parents and devised the ways to enrich their learning experience. Parents became aware of the institute's rules and regulations, methodologies of teaching & learning for the overall welfare of students. Parents were encouraged to appreciate students' participation in all academic activities. The meeting ended with the conclusion that the progress and development of students depend on joint efforts of parents and teachers.

### Prathibha Awards by TTD Education Division

The prestigious new award, the "**Best Student Award,**" presented by Tirumala Tirupati Devasthanams (TTD) to the outstanding students of SPW Polytechnic. This award aims to recognize and honor students who have excelled not only in their academic pursuits but have also demonstrated exceptional achievements in curricular and co-curricular activities.

At SPW Polytechnic, we firmly believe in nurturing well-rounded individuals who possess not only academic brilliance but also a diverse skill set and a passion for extracurricular involvement. The "Best Student Award" is a testament to our commitment to fostering all-round development among our students.

The recipients of this award will be presented with a certificate of recognition, a special ceremony organized by Tirumala Tirupati Devasthanams. This event will provide a platform to acknowledge and celebrate the achievements of these exceptional students, while also inspiring their peers to follow in their footsteps.

We extend our heartfelt gratitude to Tirumala Tirupati Devasthanams for their generous support in establishing this award. Its commitment to promoting holistic development aligns perfectly with our vision for SPW Polytechnic, and we are honored to collaborate with it in recognizing and rewarding the best students who embody this spirit.
