**Mrs. V.Bhargavi**, Lecturer in Mathematics

My heartfelt appreciation towards the students who excelled in the state-level Inter Polytechnic Sports and Games Meet (IPSGM) organized by AP SBTET is truly commendable. Recognizing their hard work, dedication, and success in the sports arena is a wonderful way to show your support and encouragement for their achievements. Congratulations to the students who have secured placements in various organizations. Their accomplishments reflect their academic excellence, skills, and readiness for the professional world. It's a moment of pride for both the students and the institution.

Furthermore, acknowledging the Principal and staff for their guidance, mentorship, and support in facilitating the success of the students is crucial. Their efforts behind the scenes play a significant role in the overall growth and development of the students, both academically and personally.

By expressing your appreciation and recognition for the achievements of the students, as well as acknowledging the contributions of the educational leadership and staff, you are fostering a culture of motivation, excellence, and support within the educational community. Your words of encouragement serve as a source of inspiration for everyone involved to continue striving for success and reaching new milestones. Keep up the spirit of celebration and support within your educational institution!

**Dr. M. Bhaskar Reddy**

Devasthanams Educational Officer.

Thank you for your kind words. I'm happy to know our hard work has brought great results. It happened because of your belief in my potential and great help of my staff members, we went above and beyond to ensure the event was successful. You can expect us to continue imprinting our creativity and productivity on each project / task / events assigned to us, thank you once again.

I am so elated to talk about our students' achievements in this event. The participants and all the students have shown so much enthusiasm for the event. It is their efforts and commitment that is evident in their performance and achievements. The students' journey to this remarkable victory is a testament to this unwavering commitment to excellence in sports.

I express my, Sincere thanks to you for being such an impactful officer and supporting us to strive for success in each and every aspect of our institution. Thank you for setting such a welcoming and positive tone on our institution.

I assure you that I devote my efforts towards the values and goals of the institution and identify needs and works towards fulfilling them.

**Dr. G. Asuntha, M.Pharm., Ph.D., Principal**

**TIRUMALA TIRUPATI DEVASTHANAMS**  
**SRI PADMAVATHI WOMEN'S POLYTECHNIC**

**To attain the status of an exceptional diploma level institute for women in the field of technical education.**

**MISSION**

- M1 : To enforce Outcome Based Education (OBE).**
- M2 : To ensure meaningful learning employing Revised Blooms Taxonomy.**
- M3 : To comply with the desirable norms and standards of regulatory bodies.**
- M4 : To provide laboratory equipment for practical training as per curricula in vogue.**
- M5 : To utilize the Information Communication Technologies in teaching and assessment.**
- M6 : To encourage the students in using electronic learning resources.**
- M7 : To mandate internship training in industry / research institutions.**
- M8 : To organize campus placement drives**
- M9 : To inculcate soft skills and entrepreneurship skills.**

# IPSGM State Meet

The SBTET-AP 27th Inter Polytechnic Sports and Games Meet 2023 State Meet was held at GPT, Anantapuram on the 5th and 6th of 2024, providing a platform for students from various polytechnic institutions to showcase their athletic talents and sportsmanship.

During the event, students from SPW Polytechnic actively participated in various sports competitions, including kho-kho and chess. The kho-kho runners and chess runners from SPW Polytechnic demonstrated their skills, determination, and sportsmanship in their respective events, representing their institution with pride and dedication.

Following their commendable performances, Dr. G. Asuntha, the Principal of SPW Polytechnic, extended her heartfelt congratulations to the kho-kho runners and chess runners from the institution. This gesture of recognition and encouragement from the Principal

serves to motivate and inspire the students to continue striving for excellence in both sports and academics.

The participation of SPW Polytechnic students in the SBTET-AP 27th Inter Polytechnic Sports and Games Meet 2023 State Meet not only highlights their athletic abilities but also underscores the importance of sports in promoting teamwork, discipline, and a healthy competitive spirit among students.

Overall, the event provided a valuable opportunity for students to engage in sportsmanship, camaraderie, and friendly competition, fostering a sense of unity and pride within the polytechnic community. The recognition and support from Principal Dr. G. Asuntha further reinforce the spirit of achievement and sportsmanship among the students of SPW Polytechnic.

platform for reflection, cultural enrichment, and communal harmony, resonating deeply with the ethos of SPW Polytechnic.

Dr. G. Asuntha, the Principal of SPW Polytechnic, expressed her sentiments, stating, "It was an honor for our institution to witness the historic inauguration of the Ayodhya Ram Mandir. This event not only holds immense cultural and religious significance but also embodies the spirit of unity and inclusivity that we strive to instill in our academic community."

The online viewing event provided an opportunity for the faculty members and students to come together, reflect on the historical significance of the Ayodhya Ram Mandir, and appreciate the rich cultural tapestry of India. It underscored the importance of embracing diversity, fostering mutual respect, and celebrating the country's cultural heritage.

The event at SPW Polytechnic highlighted the institution's commitment to promoting cultural awareness, fostering inclusivity, and providing students with opportunities to engage with significant national events. It served as a reminder of the values of unity, harmony, and cultural diversity that form the foundation of India's rich tapestry of traditions.

As the ceremony concluded, the participants at SPW Polytechnic left the seminar hall with a sense of reverence and cultural enrichment, carrying with them the spirit of unity and inclusivity that the Ayodhya Ram Mandir represents in the cultural landscape of India.

In a momentous occasion, SPW Polytechnic, Tirupati, organized an online viewing event for the inauguration of the Ayodhya Ram Mandir on January 22, 2024. The Principal, along with all faculty members and students, gathered in the seminar hall to witness this historic event unfold virtually.

As the ceremony marking the inauguration of the Ayodhya Ram Mandir commenced, the seminar hall at SPW Polytechnic buzzed with anticipation and reverence. The virtual viewing allowed the academic community to be part of this significant moment in Indian history, showcasing unity, cultural heritage, and spiritual significance.

The Principal, faculty members, and students watched with reverence as the Ayodhya Ram Mandir, a symbol of faith and devotion for millions, was inaugurated. The event served as a

# NCC NATIONAL CADET CORPS Training

SPW Polytechnic, Tirupati, recently organized a dynamic one-week National Cadet Corps (NCC) training program led by esteemed instructors Havaladar M. Ramesh and Havaladar Karnail Singh. The intensive training aimed to instill values of discipline, leadership, and patriotism among the participating students.

Commencing on January 25, 2024, the NCC training program witnessed enthusiastic participation from students eager to enhance their skills and embody the spirit of service to the nation. Under the expert guidance of Havaladar M. Ramesh and Havaladar Karnail Singh, renowned for their expertise in NCC training, the program promised to be a transformative experience for all involved.

Over the course of the one-week training period, students at SPW Polytechnic engaged in a series of challenging drills, physical exercises, and leadership workshops tailored to enhance their discipline, teamwork, and sense of national pride. The training sessions were meticulously designed to improve physical fitness, mental acuity, and overall character development.

Havaladar M. Ramesh and Havaladar Karnail Singh, with their wealth of experience and dedication to the NCC, provided invaluable mentorship to the students, imparting crucial lessons on leadership, self-discipline, and the significance of serving the nation. Their guidance inspired the participants to push their boundaries and strive for excellence in all endeavors.

Dr. G. Asuntha, the Principal of SPW Polytechnic, commended the NCC training program, stating, "The one-week NCC training conducted by Havaladar M. Ramesh and Havaladar Karnail Singh has been a valuable opportunity for our students to cultivate essential life skills and a strong sense of national duty. We are grateful for the instructors' expertise and commitment in shaping our students into responsible citizens."

The NCC training at SPW Polytechnic underscored the institution's dedication to holistic education, emphasizing not only academic excellence but also character development and leadership cultivation. The program provided students with a platform to nurture qualities of discipline, resilience, and teamwork essential for personal and professional growth.

As the one-week NCC training program concluded, participants at SPW Polytechnic reflected on their experiences, expressing gratitude for the valuable insights gained under the mentorship of Havaladar M. Ramesh and Havaladar Karnail Singh. The training instilled in them a renewed sense of purpose and readiness to contribute positively to society.

## REPUBLIC DAY. . . .

SPW Polytechnic in Tirupati witnessed a spectacular celebration of 75th Republic Day, with a vibrant display of patriotism and cultural fervor. The event, attended by the esteemed Principal, faculty, staff, and enthusiastic students, was a true reflection of the spirit of unity and diversity.

The ceremony commenced with the hoisting of the national flag by the Principal, setting the tone for a day filled with reverence and pride for the nation. The rendition of the national anthem resonated across the campus as everyone stood in unison, embodying the values of the Indian Republic.

Dr. G. Asuntha, Principal delivered an inspiring speech, emphasizing the significance of Republic Day and the importance of upholding democratic principles and values. The address encouraged all present to contribute towards the progress and unity of the nation, fostering a sense of responsibility and patriotism among the attendees.

The highlight of the event was the captivating performances by the talented students of SPW Polytechnic. From patriotic songs to mesmerizing dance routines and thought-provoking skits, the students showcased the rich cultural heritage of India and depicted the struggles and triumphs of the nation with creativity and passion.

The celebration was a testament to the commitment of SPW Polytechnic towards

nurturing not only academic excellence but also a sense of national pride and social responsibility among its students. The event concluded with a sense of camaraderie and gratitude, as the Principal extended heartfelt thanks to everyone for their active participation and for making the Republic Day celebration a memorable and meaningful experience.

The Republic Day celebrations at SPW Polytechnic, Tirupati, served as a reminder of the values enshrined in the Indian Constitution and left a lasting impact on all those who were part of this joyous occasion.

The event concluded with a vote of thanks by the Smt. Ch. Saraswathi, Institute Student Coordinator, expressing gratitude to everyone for their participation and showcasing the patriotic spirit on this special occasion. The event left a lasting impression on everyone, igniting the spirit of patriotism and reinforcing the importance of Republic Day in the hearts and minds of the college community.

## SBTET INSPECTION.....

SPW Polytechnic in Tirupati recently underwent a rigorous inspection by the State Board of Technical Education and Training, Andhra Pradesh (SBTET AP) on January 31, 2024. The inspection team, led by the experienced inspector, Sri Rama Krishna, GPT Pillaripattu, HOD-ECE meticulously assessed all aspects of the institution including classrooms, laboratories, academic data, and examination results, with a keen focus on maintaining high standards of education.

The inspection process left no stone unturned as classrooms were scrutinized for their suitability in fostering effective learning environments, while laboratories were evaluated for equipment functionality, safety measures, and adherence to industry standards. The thorough assessment ensured that all facilities at SPW Polytechnic met the stringent requirements necessary for a conducive learning environment.

In addition to the physical infrastructure, the inspection team meticulously reviewed the academic data and examination results at SPW Polytechnic. Inspection team conducted a detailed examination of the institution's academic records to ensure accuracy,

transparency, and compliance with regulatory standards. The examination results were scrutinized to verify the integrity of the evaluation process and the consistency of academic standards.

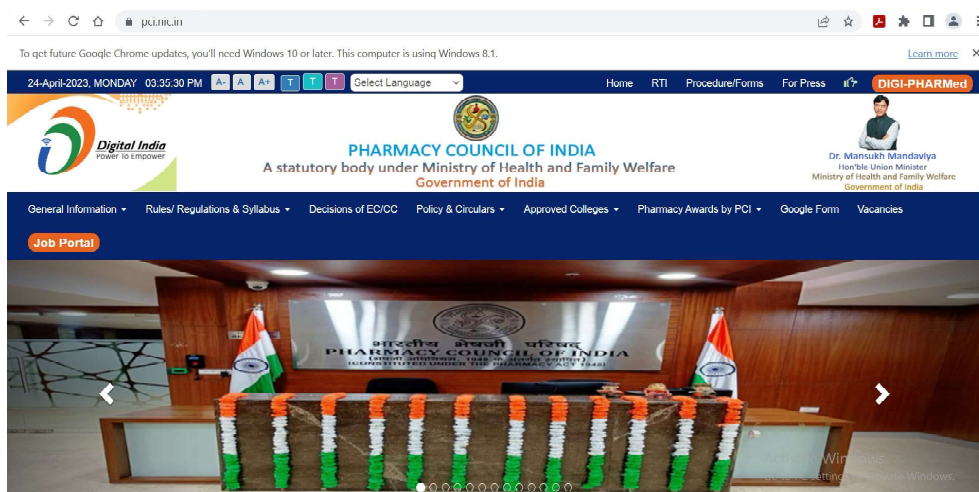

The active engagement and cooperation of the faculty and staff at SPW Polytechnic played a pivotal role in the success of the inspection. Their dedication to academic excellence and commitment to upholding high standards were evident throughout the assessment process, highlighting the institution's strong foundation in quality education.

Following the inspection, SPW Polytechnic received glowing feedback from the inspection team commending the institution for its dedication to providing quality education and its proactive approach in meeting regulatory standards. The positive feedback serves as a testament to SPW Polytechnic's commitment to continuous improvement and academic excellence.

The SBTET AP inspection at SPW Polytechnic, Tirupati, underscores the institution's unwavering commitment to excellence in technical education. The positive feedback from the inspection team reaffirms SPW Polytechnic's position as a leading institution dedicated to providing a superior educational experience for its students.

## PCI APPROVAL .....

SPW Polytechnic Institute, a reputed institution for pharmaceutical education, recently received online approval from the PCI - New Delhi regulatory authorities for its Diploma in Pharmacy course, marking a significant milestone in its pursuit of academic excellence.

The Diploma in Pharmacy course offered by SPW Polytechnic is designed to provide students with comprehensive knowledge and skills in pharmaceutical sciences, including drug discovery, drug development, drug manufacturing, quality control, and patient care. The course is structured to meet the requirements of the pharmacy profession and prepares students for a rewarding career in the pharmaceutical industry or healthcare sector.

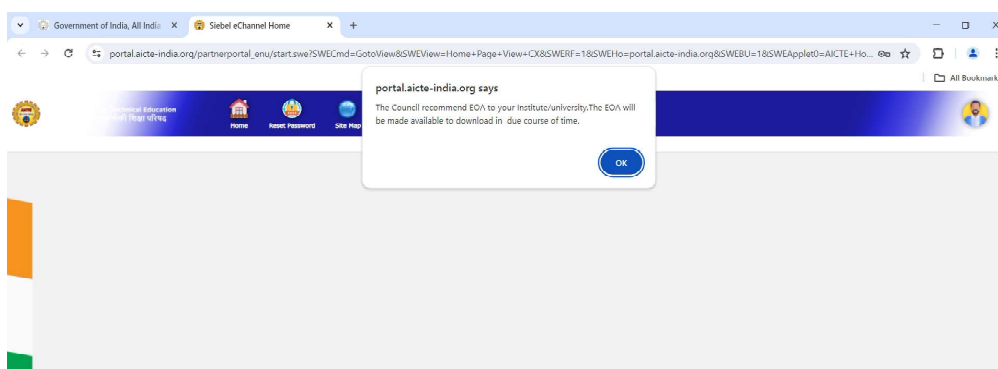

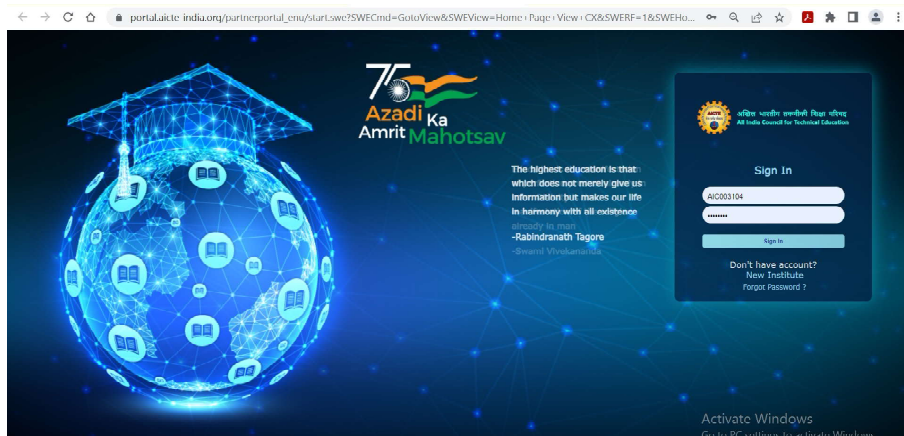

In accordance with the PCI- New Delhi guidelines, SPW Polytechnic initiated the process of obtaining approval for its Diploma in Pharmacy course. The institute meticulously compiled and submitted the necessary documentation, including the curriculum, faculty qualifications, infrastructure, and other compliance requirements, through the online approval portal.

After a comprehensive evaluation, SPW Polytechnic will get approval for its Diploma in Pharmacy course from the regulatory authorities

## AICTE APPROVAL .....

All India Council of Technical Education (AICTE) online application submission process for technical education programs, bringing greater convenience and efficiency to the admission process.

The AICTE, which is the apex regulatory body for technical education in India, has taken a significant step towards digitization by implementing an online

# KALAVAIBAVAM @ Mahathi....

SPW Polytechnic, Tirupati, participated in the enriching cultural program "KALAVAIBAVAM" organized by SV Music College at the prestigious Mahathi Auditorium in Tirupati. The event spanned over two days, on the 15th and 16th of February 2024, offering a platform for students and staff to immerse themselves in the realm of music and arts.

The program featured a diverse range of performances including classical music recitals, dance performances, and cultural showcases, showcasing the rich heritage and talent of the participants. Students and staff from SPW Polytechnic had the opportunity to witness and appreciate the beauty of Indian classical music and dance forms, enhancing their cultural understanding and artistic sensibilities.

By attending KALAVAIBAVAM, participants were able to broaden their horizons, gain exposure to different art forms, and experience the vibrancy of the local cultural scene. The event not only provided entertainment but also served as a platform for cultural exchange and appreciation, fostering a sense of community and unity among attendees.

Overall, the participation of SPW Polytechnic, Tirupati, in KALAVAIBAVAM at Mahathi Auditorium was a valuable experience that enriched the cultural awareness and artistic appreciation of the students and staff. It exemplified the institute's commitment to holistic education and cultural enrichment, nurturing a well-rounded educational experience for all participants.

## Guest lecture on Hindu-Dharmam

SPW Polytechnic in Tirupati recently hosted a thought-provoking seminar on Hindu-Dharmam at its Seminar Hall, aimed at exploring the rich cultural and spiritual heritage of Hinduism. The event featured a distinguished lecture delivered by Dr. Krishnaveni, Head of the Department of Telugu at SPW Degree College, Tirupati.

Dr. Krishnaveni, an esteemed academician known for her expertise in Telugu literature and cultural studies, captivated the audience with her insights into the essence of Hindu-Dharmam. Her lecture delved into the philosophical underpinnings, ethical principles, and spiritual significance embedded in Hinduism, shedding light on its profound teachings and practices.

Attendees at the seminar had the opportunity to deepen their understanding of Hindu-Dharmam, gaining valuable knowledge about the various aspects of this ancient and revered tradition. Dr. Krishnaveni's engaging presentation not only elucidated the philosophical

foundations of Hinduism but also highlighted its enduring relevance in contemporary times.

The seminar served as a platform for intellectual exchange and exploration, fostering a deeper appreciation for the cultural heritage and spiritual wisdom encapsulated in Hindu-Dharmam. Participants had the chance to engage in meaningful discussions and reflections on the timeless teachings of Hindu philosophy, enriching their perspectives on life, morality, and spirituality.

By organizing this seminar on Hindu-Dharmam, SPW Polytechnic demonstrated its commitment to promoting cultural awareness, spiritual enrichment, and academic discourse among its students and faculty members. The event provided a valuable opportunity for the community to engage with profound philosophical ideas and cultural traditions, contributing to a holistic educational experience at SPW Polytechnic, Tirupati.

## INDUSTRIAL VISITS .....

On the 19th of February 2024, DECE students and staff from SPW Polytechnic, Tirupati embarked on a transformative industrial visit to the Amara Raja Skill Development Centre. The primary objective of this visit was to enhance the practical skills and industry knowledge of the participants in the domain of electronics and communication engineering.

The visit comprised a series of engaging activities including interactive sessions, hands-on workshops, and live demonstrations. These activities provided a platform for students and staff to immerse themselves in industry practices, cutting-edge technologies, and real-world applications. By actively participating in these sessions, participants were able to enhance their problem-solving abilities and gain valuable insights into the latest trends in the field.

Moreover, the visit facilitated networking opportunities with industry experts, allowing students and staff to establish connections and learn from experienced professionals. This interaction not only broadened their perspectives but also provided them with a glimpse into the practical aspects of their academic learning.

Overall, the industrial visit to the Amara Raja Skill Development Centre was a resounding success, enabling DECE students and staff to acquire industry-relevant skills and knowledge essential for their professional growth. It exemplified SPW Polytechnic's commitment to providing holistic education and industry exposure, empowering participants with the tools and experiences necessary for success in the competitive landscape of electronics and communication engineering.

# Aviation Academy ... Interaction

On the 21st of February 2024, a team from Vinayaka Missions Aviation Academy, Salem, engaged in a collaborative interaction with the 2nd-year Diploma in Electronics and Communication Engineering (DECE) students of SPW Polytechnic, Tirupati. The purpose of this interaction was to promote and create awareness about the offerings and opportunities available at Vinayaka Missions Aviation Academy.

The team from Vinayaka Missions Aviation Academy shared insights into the aviation industry, career prospects in aviation, and the various training programs and courses offered by the academy. They highlighted the importance of specialized training in aviation and discussed the potential career paths available to DECE students interested in this field.

This interaction provided SPW Polytechnic's DECE students with valuable information about the aviation industry, opening up new avenues for career exploration and growth. It also served as a platform for networking and building connections with professionals from the aviation sector, offering students a glimpse into the practical aspects of the industry.

Overall, the collaborative interaction between Vinayaka Missions Aviation Academy, Salem, and SPW Polytechnic, Tirupati, on the 21st of February 2024, was a fruitful exchange that expanded the horizons of the DECE students and provided them with valuable insights into the world of aviation. It exemplified the spirit of collaboration and industry-academia partnership, fostering mutual learning and exploration of new opportunities for the students.

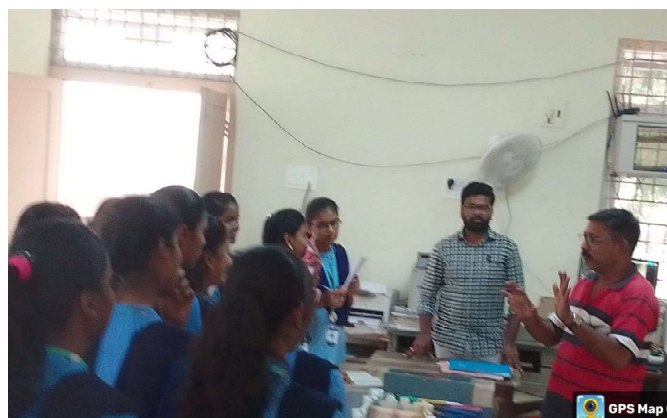

## Workshop @ SVU

On the 22nd of February 2024, a workshop was organized at Sri Venkateswara University in Tirupati, which was attended by the Diploma in Electronics and Communication Engineering (DECE) students from SPW Polytechnic, Tirupati. The workshop aimed to provide students with additional learning opportunities, practical insights, and exposure to current trends in the field of electronics and communication engineering.

During the workshop, students had the chance to participate in interactive sessions, hands-on activities, and discussions led by experts in the field. They were able to enhance their knowledge, skills, and problem-solving abilities through engaging with new concepts and technologies.

The workshop at Sri Venkateswara

University served as a platform for students to broaden their understanding of the subject, interact with peers from other institutions, and gain valuable insights from industry professionals. It provided a conducive environment for learning, networking, and fostering a spirit of innovation and collaboration among the DECE students.

The participation of SPW Polytechnic's DECE students in the workshop at Sri Venkateswara University on the 22nd of February 2024 reflects their commitment to continuous learning, skill development, and staying abreast of the latest developments in the field of electronics and communication engineering. It also highlights the institute's dedication to providing students with opportunities for holistic education and industry-relevant exposure.

# IETE General Body Meeting @ SVU

On the 24th of February 2024, the Institution of Electronics and Telecommunication Engineers (IETE) conducted a General Body Meeting at Sri Venkateswara University in Tirupati. This meeting provided a platform for professionals and experts in the field of electronics and telecommunication to come together, discuss industry trends, share knowledge, and network with peers.

During this meeting, two staff members from SPW Polytechnic, Tirupati, namely Smt. S. Pragathi and Sri T. Anil Kumar, had the opportunity to attend. Their participation in the IETE General Body Meeting allowed them to engage with industry leaders, exchange ideas, and gain insights into the latest advancements in the field of electronics and telecommunication engineering.

By attending this meeting, Smt. S. Pragathi and Sri T. Anil Kumar demonstrated their commitment to professional development, staying updated on industry trends, and expanding their professional network. Their presence at the IETE General Body Meeting reflects SPW Polytechnic's dedication to providing its staff with opportunities for continuous learning, skill enhancement, and industry engagement.

Overall, the participation of Smt. S. Pragathi and Sri T. Anil Kumar from SPW Polytechnic, Tirupati, in the IETE General Body Meeting on the 24th of February 2024, contributed to their professional growth and further strengthened the institute's ties with the broader electronics and telecommunication engineering community.

# Workshop on Adv. Communication

On the 1st and 2nd of March 2024, a hands-on Advanced Communication Lab session was conducted at Sri Venkateswara University, providing a practical learning experience for the Diploma in Electronics and Communication Engineering (DECE) students from SPW Polytechnic, Tirupati.

During these sessions, the DECE students had the opportunity to engage in practical exercises, experiments, and demonstrations focused on advanced communication technologies. The lab activities were designed to enhance their understanding of topics such as signal processing, modulation techniques, transmission systems, and other advanced communication concepts.

By participating in the Advanced Communication Lab at Sri Venkateswara University, the DECE students from SPW Polytechnic were able to apply theoretical knowledge to real-world scenarios, gain hands-on experience with cutting-edge communication equipment, and develop practical skills essential

for their future careers in the field of electronics and communication engineering.

The two-day session provided a platform for students to deepen their knowledge, improve their technical proficiency, and collaborate with peers in a practical learning environment. It also enabled them to explore the latest advancements in communication technology and prepare themselves for the challenges of the industry.

The participation of SPW Polytechnic's DECE students in the Advanced Communication Lab at Sri Venkateswara University on the 1st and 2nd of March 2024 exemplifies their dedication to practical learning, skill development, and staying abreast of emerging trends in the field of communication engineering. It underscores the institute's commitment to providing students with hands-on experiences and industry-relevant training to prepare them for successful careers in the electronics and communication sector.

# Womens Day

On the 7th of March 2024, Tirumala Tirupati Devasthanams (TTD) organized a vibrant and empowering Women's Day celebration at the Mahati Auditorium. The event was a special tribute to the dedicated women employees of TTD, recognizing their significant contributions and achievements within the organization.

During the Women's Day celebration, all TTD women employees enthusiastically participated in various events and activities that highlighted their talents, skills, and creativity. The atmosphere was likely filled with energy and camaraderie as the women employees showcased their abilities and celebrated their successes.

The event was graced by the presence of esteemed TTD authorities, including Sri. A.V. Dharama Reddy, the Executive Officer (E.O.), and Sri Veerabrahmam, the Joint Executive Officer (J.E.O.). These dignitaries attended the celebration and delivered speeches that underscored the importance of women's contributions, empowerment, and equality within TTD and society at large.

The speeches given by Sri. A.V. Dharama Reddy, E.O., and Sri Veerabrahmam, J.E.O., likely emphasized the organization's commitment to supporting and recognizing the valuable role played by women employees. They may have highlighted the significance of gender diversity, inclusivity, and creating a conducive work environment that promotes the growth and success of all employees.

The presence of TTD authorities and their speeches at the Women's Day celebration not only demonstrated their support for gender equality and women's empowerment but also served as a source of inspiration and motivation for the attendees. Their words of encouragement likely resonated with the women employees, reinforcing the message of respect, appreciation, and recognition for their hard work and dedication.

Overall, the Women's Day celebration at the Mahati Auditorium on the 7th of March 2024 was a memorable event that celebrated the achievements and spirit of women within TTD, while also highlighting the organization's commitment to fostering a culture of diversity, equality, and empowerment.

# Workshop @ SVMVV

A workshop was conducted at Sri Padmavati Mahila Visvavidyalay in Tirupati on the 12th and 13th of March 2024. This workshop brought together students from the Diploma in Electronics and Communication Engineering (DECE) program at SPW Polytechnic in Tirupati.

The workshop likely provided a platform for students to enhance their knowledge, skills, and practical understanding in the field of electronics and communication engineering. Workshops often include hands-on activities, lectures, discussions, and interactive sessions designed to deepen students' understanding of theoretical concepts and their application in real-world scenarios.

The participation of DECE students from SPW Polytechnic in Tirupati at Sri

Padmavati Mahila Visvavidyalay's workshop indicates a collaborative effort to enrich the educational experience of students and expose them to diverse learning opportunities beyond their regular curriculum.

Such workshops are instrumental in fostering a culture of continuous learning, skill development, and innovation among students, preparing them for future challenges and opportunities in the field of electronics and communication engineering.

Overall, the workshop at Sri Padmavati Mahila Visvavidyalay, with the attendance of DECE students from SPW Polytechnic in Tirupati, likely provided a valuable learning experience and a platform for knowledge exchange and skill enhancement for the participating students.

## POLYCET CAMPAIGN.....

In a concerted effort to ignite a passion for technical education among young minds, SPW Polytechnic in Tirupati recently spearheaded a dynamic campaign in collaboration with the State Board of Technical Education and Training Andhra Pradesh (SBTET AP). The campaign, focused on the upcoming POLYCET-2024 examination, was designed to enlighten 10th-grade students about the myriad opportunities available in polytechnic courses.

Eager to sow the seeds of curiosity and ambition, the dedicated staff members of SPW Polytechnic ventured into nearby schools to engage directly with 10th-grade students. Armed with valuable insights and information, the staff members passionately conveyed the advantages of pursuing polytechnic courses, shedding light on the practical skills and promising career prospects that such programs offer.

Through interactive sessions and informative discussions, students were not only acquainted with the POLYCET-2024 examination but also encouraged to explore the diverse spectrum of polytechnic courses as promising career pathways. The aim was to instill in students a sense of purpose and direction, guiding them towards a future enriched by technical knowledge and expertise.

As the campaign gained momentum, SPW Polytechnic staff members succeeded in kindling a spirit of enthusiasm and aspiration among the young audience, motivating them to consider a rewarding journey in the realm of technical education. By nurturing an interest in polytechnic courses at this crucial juncture, SPW Polytechnic and the SBTET AP aim to equip students with the requisite skills and acumen to excel in the dynamic field of technology and innovation.

The culmination of this inspiring initiative will be marked by the POLYCET-2024 examination scheduled to take place on April 27, 2024. This pivotal event serves as a gateway for students to embark on a transformative educational voyage, paving the way for a future brimming with opportunities and possibilities in the realm of technical education.

Through the collaborative efforts of SPW Polytechnic and the SBTET AP, the POLYCET-2024 campaign stands as a testament to their shared vision of nurturing a generation of skilled professionals and innovators. By empowering students to embrace the realm of technical education, SPW Polytechnic continues to play a pivotal role in shaping a brighter future for Tirupati and beyond, inspiring a new wave of technological trailblazers to realize their dreams and leave an indelible mark on the world.

## SDSC - SHAR VISIT .....

SPW Polytechnic in Tirupati orchestrated a remarkable industrial visit to the Satish Dhawan Space Centre SHAR (SDSC SHAR) in Sriharikota, Nellore District. The entourage included the esteemed Principal, Heads of Departments (HODs), enthusiastic students from the Department of Commercial and Computer Practice (DCCP) and staff members, all eager to delve into the realms of space exploration and technology.

The visit, which took place on March 18, 2024, offered a unique opportunity for the participants to witness firsthand the cutting-edge facilities and groundbreaking work being carried out at one of India's premier space research centers. Led by the Principal and HODs, the group embarked on a journey of discovery and learning, immersing themselves in the world of space science and technology.

The students from the Department of Commercial and Computer Practice (DCCP), brimming with curiosity and enthusiasm, had the chance to interact with experts and professionals at SDSC SHAR, gaining valuable insights into

the intricate processes involved in space research and exploration. From rocket assembly to satellite integration, the visit provided a holistic view of the various stages of space missions and the advanced technologies employed in these endeavors.

Accompanied by knowledgeable staff members, the participants were guided through the state-of-the-art facilities at SHAR, witnessing firsthand the culmination of human ingenuity and scientific advancement. The visit not only broadened their understanding of space technology but also inspired them to consider the vast possibilities that lie ahead in the field of aerospace engineering and space exploration.

The industrial visit to SHAR, Sriharikota, served as a transformative experience for the students and staff of SPW Polytechnic, offering a glimpse into the realm of space research and technology that is shaping the future of humanity. Through such initiatives, SPW Polytechnic continues to nurture a spirit of inquiry and innovation among its students, preparing them to excel in a world driven by technology and scientific exploration.

## INDUSTRIAL VISIT .....

The Diploma in Pharmacy students and staff from SPW Polytechnic Tirupati embarked on an enriching industrial visit on 24-02-2024 to three prominent establishments in the region - Mythili Life Sciences, Srinivasa Ayurveda Pharmacy, and BIIRD Hospital.

The visit aimed to provide students with practical insights into the pharmaceutical and healthcare industries, offering them a glimpse into real-world operations and practices.

At Mythili Life Sciences, the students witnessed firsthand the manufacturing processes of various pharmaceutical products, from research and development to production and quality control. They interacted with industry professionals, gaining valuable knowledge about the latest advancements in the field.

Next, the group visited Srinivasa Ayurveda Pharmacy, where they learned about the preparation of traditional Ayurvedic medicines and the significance of ancient healing practices in modern healthcare. The students engaged in discussions with Ayurvedic experts, deepening their understanding of alternative medicine systems.

The final leg of the industrial visit took the students to BIIRD Hospital, a leading healthcare facility in the region. Here, they observed the daily operations of a hospital, including patient care, diagnostic procedures, and treatment protocols. The students had the opportunity to interact with healthcare professionals and understand the importance of collaboration in delivering quality healthcare services.

The industrial visit not only provided valuable insights to the students but also strengthened the bond between SPW Polytechnic Tirupati and the local pharmaceutical and healthcare industries. It was a mutually beneficial experience that underscored the importance of industry-academic partnerships in nurturing skilled professionals for the evolving healthcare landscape.

The management of SPW Polytechnic Tirupati applauded the efforts of the students and staff in making the industrial visit a success and encouraged them to apply the knowledge gained during the visit in their academic pursuits and future endeavors.

# SBTET-AP

## Centralized Pre-Placement Talk

The State Board of Technical Education and Training, Andhra Pradesh (SBTET AP), organized a pivotal Video Conference meeting for Diploma in Electronics and Communication Engineering (DECE) students, featuring a centralized pre-placement talk by Medha Servo Drives Pvt Ltd. Conducted on March 28, 2024, the session provided a platform for the HR team of Medha Servo Drives Pvt Ltd to delve into the company's profile, job descriptions, selection processes, and more.

During this enlightening session, students were privileged to gain insights into the operations of Medha Servo Drives Pvt Ltd, a renowned entity in the industry. The HR team's detailed presentation illuminated the company's values, career opportunities, and the desired skill sets in prospective candidates. The comprehensive overview of job roles and the selection process equipped students with essential knowledge to navigate their future career paths effectively.

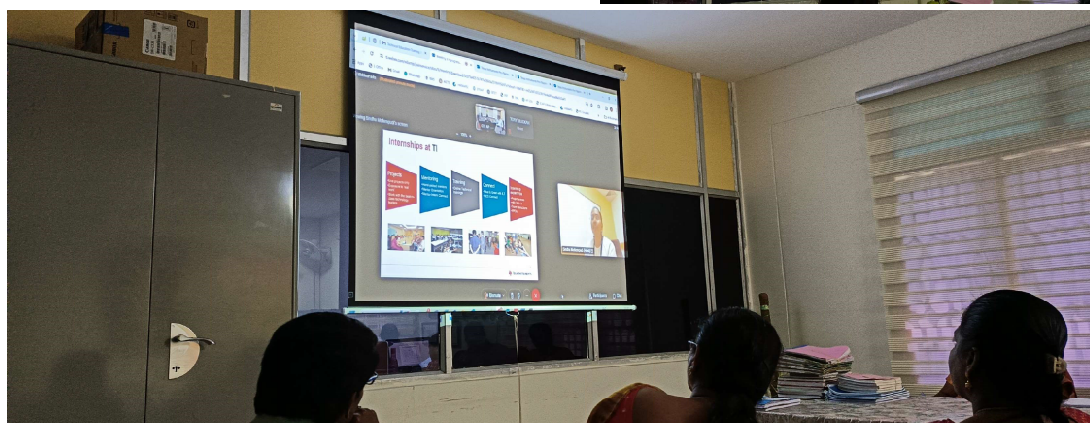

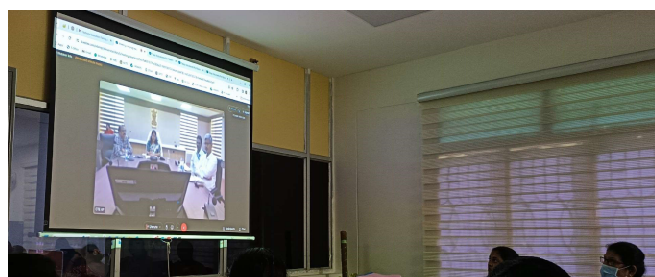

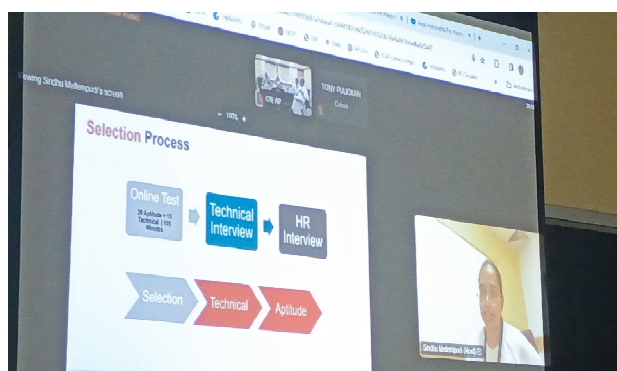

Noteworthy participants included esteemed individuals from the SBTET AP, notably Director Smt. C. Naga Rani, and all SBTET staff. Their active involvement underscored the board's commitment

to facilitating valuable industry-academic partnerships and preparing students for successful transitions into the professional realm.

Director Smt. C. Naga Rani expressed her support for the collaborative initiative, stating, "We are pleased to host Medha Servo Drives Pvt Ltd for a centralized pre-placement talk, providing our DECE students with crucial insights into potential career pathways. Such engagements are integral to our students' holistic development and future success."

The interactive session not only furnished students with essential information about career prospects but also enabled them to engage with industry experts, gaining a deeper understanding of industry expectations and trends. The interaction between Medha Servo Drives Pvt Ltd and the students of SBTET AP served as a conduit for mutual learning and growth.

As the session concluded, students and faculty members expressed gratitude for the enriching experience and looked forward to more opportunities for industry exposure and career guidance. The collaboration between SBTET AP, Medha Servo Drives Pvt Ltd, and the SBTET staff exemplified a shared commitment to nurturing talent and fostering meaningful connections between academia and industry for a brighter future.

# Placements....

SPW Polytechnic, Tirupati, witnessed a resounding success as BSA Innovating Technology conducted a placement drive for the Diploma in Electronics and Communication Engineering (DECE) students. The event, held on March 15, 2024, saw 48 students participating, all of whom secured placements with the esteemed organization.

BSA Innovating Technology, known for its cutting-edge innovations and technological advancements, offered lucrative career opportunities to the aspiring engineers from SPW Polytechnic. The placement drive served as a platform for the students to showcase their skills and knowledge in the field of electronics and communication.

The atmosphere was charged with excitement and anticipation as the students went through rounds of interviews and assessments conducted by the recruitment team from BSA Innovating Technology. The students demonstrated their technical acumen, problem-solving abilities, and communication skills, impressing the recruiters with their potential.

The management and faculty at SPW Polytechnic expressed their delight at the 100% placement success achieved by the DECE students. This remarkable feat not only reflects the quality of

education and training imparted at the institution but also underscores the students' dedication and readiness for the industry.

Mr. Anil Kumar, the Training and Placement Officer at SPW Polytechnic, commended the students for their hard work and perseverance, stating, "We are extremely proud of our DECE students for their exceptional performance during the placement drive. This accomplishment is a testament to their skills, knowledge, and the rigorous training they have received at SPW Polytechnic."

The successful placement drive not only opens up promising career avenues for the DECE students but also strengthens the bond between SPW Polytechnic and industry partners like BSA Innovating Technology. Such collaborations play a pivotal role in bridging the gap between academia and industry, ensuring that students are well-equipped to meet the demands of the ever-evolving technological landscape.

As the newly placed students embark on this exciting chapter of their professional journey, SPW Polytechnic remains committed to nurturing talent, fostering excellence, and empowering students to achieve their career aspirations in the field of electronics and communication engineering.

Dharani Abacus, a leading organization in the field of commercial and computer practice, conducted a successful placement drive at SPW Polytechnic, Tirupati, on March 25, 2024. The drive was specifically aimed at the Diploma in Commercial and Computer Practice students, with 41 enthusiastic students participating in the event.

Among the participants, 10 talented students emerged victorious, securing coveted placements in Dharani Abacus across various positions. The placement drive provided a platform for the students to exhibit their skills, knowledge, and potential in the realm of commercial practices and computer applications.

The recruitment process, overseen by the team from Dharani Abacus, involved rigorous assessments, interviews, and evaluations to identify the most suitable candidates for the available positions. The students showcased their proficiency in commercial operations, computer applications, and interpersonal skills, impressing the recruiters with their capabilities.

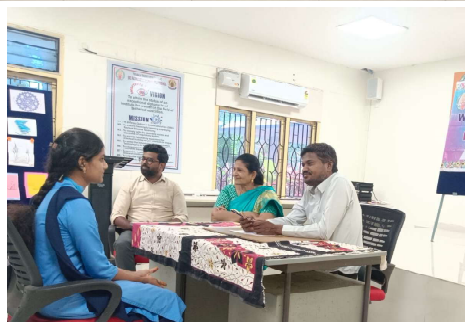

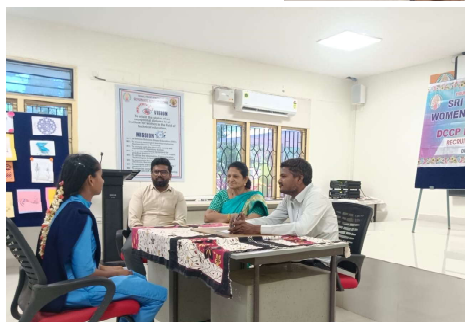

The faculty and administration at SPW Polytechnic extended their congratulations to the 10 students who clinched placements in Dharani Abacus. This achievement not only highlights the students' competence and preparedness for the

industry but also underscores the quality of education and training provided by SPW Polytechnic in commercial and computer practice.

Ms. Priya Sharma, the Placement Coordinator at SPW Polytechnic, commended the successful students, stating, "We are thrilled to witness our Diploma in Commercial and Computer Practice students excel in the placement drive conducted by Dharani Abacus. This accomplishment is a testament to their hard work, dedication, and the holistic education they have received at SPW Polytechnic."

The placement drive not only opens up promising career opportunities for the selected students but also strengthens the relationship between SPW Polytechnic and Dharani Abacus. Such industry-academic collaborations play a crucial role in bridging the gap between classroom learning and real-world applications, ensuring that students are well-prepared for the demands of the professional landscape.

As the newly placed students embark on their professional journeys at Dharani Abacus, SPW Polytechnic reaffirms its commitment to fostering talent, nurturing skills, and empowering students to achieve success in the dynamic field of commercial practices and computer applications.

# Placements....

Apollo Pharmacy, a renowned name in the pharmaceutical industry, organized a successful placement drive at SPW Polytechnic, Tirupati, on March 26, 2024. The drive was tailored for the Diploma in Pharmacy students, with 28 enthusiastic students participating in the recruitment event.

In a remarkable display of talent and dedication, all 10 students who took part in the placement drive secured placements with Apollo Pharmacy. The event served as a platform for the students to demonstrate their knowledge, skills, and passion for the field of pharmacy.

The recruitment process, overseen by the recruitment team from Apollo Pharmacy, involved comprehensive assessments, interviews, and evaluations to identify the most suitable candidates for the available positions. The students showcased their understanding of pharmaceutical practices, patient care, and regulatory compliance, impressing the recruiters with their expertise.

The faculty and administration at SPW Polytechnic expressed their pride in the 100% placement success achieved by the Diploma in Pharmacy students. This outstanding accomplishment not only highlights the students' proficiency and readiness for the industry but also underscores the quality of education and training provided by SPW Polytechnic in the field of pharmacy.

Mr. Rajesh Kumar, the Head of Placements at SPW Polytechnic, lauded the successful students, stating, "We are delighted to see our Diploma in Pharmacy students excel in the placement drive

conducted by Apollo Pharmacy. This achievement is a testament to their hard work, knowledge, and the practical training they have received at SPW Polytechnic."

The successful placement drive not only opens up promising career avenues for the 10 selected students but also strengthens the bond between SPW Polytechnic and Apollo Pharmacy. Such collaborations play a pivotal role in preparing students for successful careers in the pharmaceutical industry by providing them with real-world exposure and industry insights.

As the newly placed students embark on their professional journeys at Apollo Pharmacy, SPW Polytechnic remains committed to nurturing talent, fostering excellence, and empowering students to make significant contributions to the field of pharmacy.

# CYNOSURE-2024 @ SV University

Sri Venkateswara University College of Engineering's Computer Science and Engineering (CSE) Department recently organized a prestigious National Level Technical Symposium, "CYNOSURE-2024 @ SV University," (i.e. 23 & 24 March-2024) showcasing innovation and talent in the field of technology.

During this grand event, students from SPW Polytechnic, Tirupati, specializing in Diploma in Computer Engineering (DCME), actively participated in a range of engaging activities, including a Tech Quiz, Dazzle Coding challenge, Paper Presentation, and Photography Contest.

The DCME students from SPW Polytechnic, Tirupati, displayed exceptional skills and knowledge, competing fiercely in various competitions. Their dedication and expertise shone through as they showcased their talents in different domains.

Notably, the students from SPW Polytechnic, Tirupati, emerged triumphant in the

competitions, securing both the 1st and 2nd prizes across different categories. Their remarkable achievements not only reflect their hard work and proficiency but also highlight the quality of education and training they receive at SPW Polytechnic.

The success of the DCME students from SPW Polytechnic, Tirupati, at "CYNOSURE-2024 @ SV University" underscores their commitment to excellence and their ability to excel in competitive environments. Their victories serve as a testament to their skills, creativity, and determination, positioning them as promising talents in the field of technology.

The event not only provided a platform for students to showcase their abilities but also fostered a spirit of healthy competition and collaboration among participants from various educational institutions. The participation and achievements of SPW Polytechnic, Tirupati, students added a significant and commendable dimension to the symposium, enriching the overall experience for all attendees.

# Students Success Meet - Achiever Awards

Tirumala Tirupati Devasthanams (TTD) recently hosted a grand Students Success Meet and Achiever Awards ceremony on 9-2-2024 to recognize the outstanding performance of students in both academic and non-academic spheres during the academic year 2023-24. The event, held at TTD Educational Institutions, celebrated the remarkable achievements of students who have excelled in various fields.

Distinguished guests including Chief Guest Sri A.V. Dharma Reddy, Executive Officer of TTD, and Special Guests Smt. Sada Bhargavi, IAS, Joint Executive Officer of TTD, and Sri V. Veerabrahmam, IAS, Joint Executive Officer of TTD, graced the occasion with their presence. Devasthanam Education Officer Bhaskar Reddy also attended the event, adding to the significance of the ceremony.

During the ceremony, students from TTD Educational Institutions who demonstrated exceptional performance in academics, sports, and games were honored with the prestigious Silver Medal. Among the recipients were students from SPW Polytechnic, who showcased exemplary skills and dedication in both academic

pursuits and sports competitions.

The SPW Polytechnic students' success in academic endeavors and sports activities underscored their well-rounded abilities and commitment to excellence. Their achievements not only reflect their hard work and talent but also highlight the quality of education and holistic development provided by SPW Polytechnic.

The presence of esteemed guests and dignitaries at the Students Success Meet added a sense of honor and encouragement to the students, motivating them to continue striving for success in their academic and extracurricular pursuits. The event served as a platform to acknowledge and celebrate the achievements of students who have excelled in various fields, inspiring others to reach greater heights in their educational journey.

The Students Success Meet and Achiever Awards ceremony organized by Tirumala Tirupati Devasthanams exemplified the institution's commitment to recognizing and nurturing talent, fostering a culture of excellence and achievement among students studying in TTD Educational Institutions.

# Moonlight Dinner

On the 20th of March 2024, a delightful Moonlight Dinner event was held at SPW Polytechnic in Tirupati, creating a charming and memorable evening for all participants. The event was graced by the presence of Dr. M. Bhaskar Reddy, the Educational Officer of TTD, and other Principals from TTD colleges.

During the event, cultural activities were performed by the students, adding a touch of artistry and entertainment to the evening. These activities likely included music, dance, drama, or other forms of creative expression, showcasing the talents and skills of the students and enhancing the overall ambiance of the event.

Dr. G. Asuntha, the Principal of SPW Polytechnic, extended gratitude to all the teaching and

non-teaching staff, as well as to the TTD District Educational Officer (DEO) and all the other Principals in attendance. This gesture of appreciation highlights the collaborative spirit and teamwork that contributed to the success of the Moonlight Dinner event.

The presence of distinguished guests such as Dr. M. Bhaskar Reddy and other TTD college Principals, along with the engaging cultural performances by the students, likely made the evening a memorable and enjoyable experience for everyone involved. The event provided a platform for socializing, cultural enrichment, and community building within the educational community.

Overall, the Moonlight Dinner event at SPW Polytechnic in Tirupati on the 20th of March 2024 was a special occasion that brought together students, staff, and dignitaries in a celebration of camaraderie, talent, and appreciation for the contributions of all individuals involved.
